The "All Star Sprint" group qualifying format with an invert four will determine heat race line ups. Heat race winners will compete in a dash to determine the A Main feature line up.

An "Alphabet Soup" race format will be followed to determine the 30 car field for the main event. Race promoters agree that "the goal is to give drivers an opportunity at the \$10,000 prize, so the plan is for drivers not qualifying from the heat races to advance their way into the A Main through B, C, D, E features." The number of qualifying drivers from heats and the number of additional features needed will be determined upon final car count.

Entry forms for this race are available on the Homak Penn Ohio and Sharon Speedway web pages. The early entry discount is \$100.00 until March 1st of 2018. Continue to visit the websites www.pennohioprostocks.com or www.sharonspeedway.com, as well as social media for more event details.
